Re: Credit Registry Report - EU-ACME Member ID - CME-108417

Dear Dr. Ferrari,

It is our pleasure to present you your **Credit Registry Report for period: 01-01-2009 - 31-12-2009**, stating accredited activities you attended in this period, the category as well as the attributed credit points.

The report states the activities accredited within the EU-ACME programme by the EBU for which credits are processed automatically as well as the activities sent to us by you with credit entry forms.

If you feel activities have been omitted in the Credit Registry Report, please do not hesitate to contact the EU-ACME office and supply us with the evidence necessary for attribution of the credits.

European Urology - Accredited Continuing Medical Education (EU-ACME)

Programme is the initiative resulting from close collaboration between the EAU and the EBU. The programme provides urologists with the system which helps them to keep track of their educational activities, irrespective of the country they practice in or where they have participated in CME and/or CPD activities.

It is in compliance with EBU/UEMS regulations - 1 credit per hour, with a maximum of 6 credits per day.

For further information, please do not hesitate to contact the EU-ACME office - by phone +31 (0)26 3890680 or e-mail eu-acme@uroweb.org.

With kind regards,

Ms. Beata Adamczyk
Project Manager EU-ACME

Prof. Dr. H. Madersbacher
Chairman of the EU-ACME Committee
